## OUR MISSION STATEMENT

The mission of the **Central States Judges Association of America, Inc.** is to provide trained and certified adjudicators for competitive musical and visual ensembles of both scholastic and independent organizations throughout the United States of America. Judges will provide educationally based evaluations for the directors, staffs, and students of each performing ensemble. The priorities of CSJA of America, Inc. will be to **RANK**, **RATE**, and **EDUCATE** in a fair and consistent manner while keeping integrity at the forefront of each adjudicating endeavor.

Central States Judges Association of America, Inc.

Founded in the late 1950s, **The Central States Judges Association** was the first association to hold a seminar for judges and instructors to improve the craft of pageantry arts and pageantry adjudication.

**CSJA** constantly strives to maintain its position at the vanguard of pageantry arts adjudication and education through significant educational programs for its members. In addition, CSJA offers educational outreach on a variety of topics for band directors and their staff, band rehearsals/clinics and even booster groups. Please ask us about the many possible opportunities CSJA can offer you!

**The** individuals who make up the Central States Judges Association include professional musicians, music educators, music arrangers and composers, visual designers, choreographers, as well as teachers, lawyers, businessmen, professional marketers, and business owners.

**Our** common goal is to become and remain the best adjudicators we can possibly be. We hope you will find our association to be a useful source for quality adjudicators. We welcome your interest and look forward to your contact with CSJA.

**LET CSJA BE YOUR ONE STOP SHOP FOR CREATING THE BEST ADJUDICATING PANEL**
